

MS-1

The MS-1 actuator is designed to meet with the specific requirements of the Comfort Furniture. The small dimensions enable to install it harmoniously in any frame and mechanisms for Professional and Home Furniture applications.

Motor type	Motor 24 VDC or 12 VDC
Protection grade	IP 42
Control box	TB / TSE / TST / CBP / other standard control boxes
Push force	6000 N maxi
Pull force	4000 N maxi
Duty cycle	2 mn operation / 18mn stand-by (10%)
Operating temperatures	+5° to +40°
Colour	Black

Options :	
Mounting fork positioning	0° ou 90°
Mounting fork material	Plastic or metallic
Mechanical safety	Push Only
Intermediate stroke	3rd micro-switch
Memory/synchronisation function	With hall effect sensors

A1: single thread / A2: double thread

Dimensions :

A - Stroke	50mm	100mm	150mm	200mm	250mm	300mm
B - Retracted length	228mm	278mm	338mm	388mm	448mm	498mm
Extended length (A+B)	278mm	378mm	488mm	588mm	698mm	798mm

Nota : other strokes upon request
