

MS- 4 / VST

The MS-4 and VST series are slave actuators with an optimal balance between the installation settings and the stroke possibilities. Thus they are well-adapted to the Furniture systems.

MS-4 Serie :

<u>Motor type</u>	Motor 24 VDC or 12 VDC
<u>Protection grade</u>	IP 20
<u>Control box</u>	TB / TSE / TST / CBP / other standard control boxes
<u>Push force</u>	2500 N maxi
<u>Pull force</u>	2500 N maxi
<u>Duty cycle</u>	2 mn operation / 18mn stand-by (10%)
<u>Operating temperatures</u>	+5° to +40°
<u>Colour</u>	Black

Options :

<u>Mounting fork positioning</u>	0° or 90°
<u>Mounting fork material</u>	Plastic or metallic
<u>Memory/synchronisation function</u>	With hall effect sensors

VST Serie:

<u>Motor type</u>	Motor 24 VDC or 12 VDC
<u>Push force</u>	-VST3 : 0 to 2000 N maximum -VST8 : 0 to 4000 N maximum
<u>Pull force</u>	-VST3 : 0 to 2000 N maximum -VST8 : 0 to 4000 N maximum
<u>End-switches</u>	1 integrated and 1 external
<u>Duty cycle</u>	2 mn operation / 18mn stand-by (10%)
<u>Operating temperatures</u>	+5° to +40°
<u>Protection grade</u>	IP20

Options:

<u>Mounting fork positioning</u>	0° or 90°
<u>Mounting fork material</u>	Plastic or metallic

LINEAR ACTUATORS
